

PRE FILLED POD KIT

**USER
MANUAL**

WARNING: THIS PRODUCT IS NOT FOR USE BY CHILDREN AND NON-SMOKERS.

SAFETY INFORMATION

For a safe and effective use of this product, we advise you to read the following instructions in full, and to strictly observe the operating procedures indicated in this manual. After reading, store it in a safe place for future reference. Incorrect handling of this product could possibly result in personal injury or physical damage. The manufacturer assumes no responsibility for any damage caused by mishandling that is beyond normal usage defined in this manual.

This product is intended for adult smokers. This product is not recommended for non-smokers, young people under the legal age, pregnant or breast feeding women and those experiencing general ill health.

Keep the product and its accessories out of reach of children and minors at all times!

COMPONENTS OF THE PRODUCT

This product is a high-tech product and its components such as the battery and the pod part have been specifically made for this product. We recommend the exclusive use of components and accessories indicated.

Use of components and / or accessories not specifically produced for this device may lead to a malfunction and / or damage to the product and to the cancellation of the warranty.

WARNINGS BEFORE USE

The use of an empty, dry or drained pod can cause immediate damage to the internal resistance and the consequent cancellation of the warranty.

GENERAL WARNINGS AND LIMITATIONS OF USE

Do not bring your vape device into contact with water or other e-liquid.

Avoid exposing the device to too low or too high temperatures ($5^{\circ}\text{C} / 50^{\circ}\text{C}$). Avoid using the product in overheated or excessively damp environments. Keep the product and its accessories away from heat sources. Use only original spare parts and accessories. Always discharge the battery completely before recharging. Carefully read the composition of the e-liquid before use, and do not use the product if you are allergic to any of the components of the e-liquid. Do not use the product if you suffer from respiratory and / or cardiovascular system disorders. Do not use the product during pregnancy or lactation.

Do not ingest or swallow any part of the product or its accessories and do not try to open or tamper with the components of the product or its accessories. The device does not need any flame to light it. To avoid performance losses, disconnect the battery from the USB charger when fully recharged, and in the case of anomalies, smell of burnt or abnormal deformation of one of the components of the device or its accessories, stop using it immediately and contact Customer Care. Avoid direct contact of the e-liquid with the mouth which could happen if you inhale too strong and too frequently.

Avoid any unauthorized operations that may damage the product. For an optimal performance of your vape device, it would be advisable to spend at least 30 seconds between one inhalation and the next.

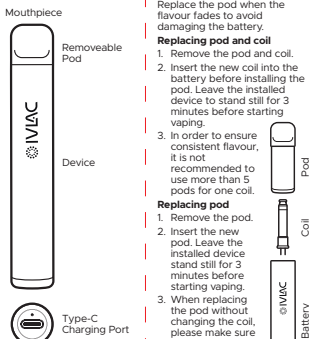

We recommend only to use a certified charger to charge this device. We don't recommend using the product while charging.

Do not discard this product in the environment, and dispose of the product components at dedicated collection/disposal points.

CONTENTS:

- 1x IVLAC Device
- 1x Replaceable Pod
- 1x User Manual

COMPONENTS VIEW:

SPECIFICATIONS:

- Dimensions: 111.4* ϕ 16mm
- Weight: 29.4g
- Coil: 1.0 Ω , Mesh Coil
- Battery: 400mAh / 4A
- Pod Capacity: 2mL

INSTRUCTION FOR REPLACING THE POD & COIL

This product is a pod and coil replaceable vape device. Users can assemble the pod and coil by themselves.

Replace the pod when the flavour fades to avoid damaging the battery.

Replacing pod and coil

1. Remove the pod and coil.
2. Insert the new coil into the battery before installing the pod. Leave the installed device to stand still for 3 minutes before starting vaping.
3. In order to ensure consistent flavour, it is not recommended to use more than 5 pods for one coil.

Replacing pod

1. Remove the pod.
2. Insert the new pod. Leave the installed device stand still for 3 minutes before starting vaping.
3. When replacing the pod without changing the coil, please make sure that the flavour of the new pod is the same as the previous one to avoid spoiling the taste of the pod.

NOT FOR REFILLING

Single use pod only. Attempting to refill will void any warranty and cause leaking.

WARNING: THIS PRODUCT IS NOT FOR USE BY CHILDREN AND NON-SMOKERS.

KEEP OUT OF REACH OF CHILDREN.

This product is not recommended for use by children and pregnant, or lactating, women. Please read this leaflet carefully before you begin to use this product. Keep this leaflet as it contains important information which you may need again.

Instructions for use and storage of the product:

Always ensure that the container is fully closed and in an upright position.

Store the product at a temperature between 18-30°C and out of direct sunlight. Do not refrigerate, freeze, heat or store the product in a temperature above 30°C.

Dispose of contents to approved disposal site, in accordance with local regulations.

Possible contraindications:

Propylene glycol:

- May produce adverse effects in individuals being treated with disulfiram or metronidazole
- Allergic reactions may occur in individuals with a history of atopy, childhood eczema or rhinitis (hay fever)
- Lactic acidosis may occur when large quantities of propylene glycol is consumed by children, pregnant women or individuals with hepatic or renal failure

Glycerol:

- Chances of dehydration are increased in elderly and already dehydrated individuals
- Caution should be observed in individuals with diabetes, as metabolised glycerol may cause minor hyperglycaemia or glycosuria

Possible adverse effects:

First-time e-cigarette users may experience irritation of the mouth, a dry throat or cough. If the symptoms persist for more than 48 hours or becomes severe, visit a general practitioner and report the incident details as per the guidance provided under 'Reporting Adverse Effects'. Nicotine withdrawal effects may also occur if using an inadequate strength to satisfy your cravings. These may include irritability, aggression, feeling low, anxiety, restlessness, poor

concentration, increased appetite, urges to smoke, disturbed sleep or the lowering of heart rate.

Reporting Adverse Effects: If you experience any side effects as a result of using this product, please notify the MHRA in relation to adverse effects relating to products purchased in the UK via the following URL <https://yellowcard.mhra.gov.uk/yellowcards/tobaccoreportme/diast/>. You may also register a safety concern with the relevant competent authority within your country.

Addictiveness: This product contains nicotine which is a highly addictive substance and, therefore, is not recommended for use by non-smokers. No other ingredient in this product, aside from nicotine, is known to be addictive.

Toxicity: This product contains nicotine which may produce toxic effects if consumed orally, especially in infants or children. DO NOT drink this product. If swallowed, visit your general practitioner with this leaflet immediately. If spilled onto skin, rinse with cold water immediately and continue for 10-15 minutes.
